RACE WAR FEARED.

A Mob of 2,000 Set Fire to the Negro Quarters at Springfield, O.

TROOPS HASTENING TO THE CITY.

Blaze Was Started in a Colored Saloon in the Levee District and Spread Both Ways.

At Midnight the Entire Block in Washington Street, From Gallagher West to Spring Street Was Burning Fiercely.

Springfield, O., March 9.—Threats throughout the day and Tuesday evening to burn the levee, the Negro district of the city, confirmed Mayor C. J. Bowlus in his belief that more trouble was brewing Tuesday night and he has asked Gov. Herrick for troops. Two companies from Dayton and one each from Miamisburg, Urbana and Columbus have been promised to reinforce the two local companies.

Many of the Negroes of the city were surly and moody Tuesday night and it was realized that only a spark was needed to set off the magazine of a race war. At 8:45 o'clock small crowds of whites gathered in the vicinity of the levee and all the day police had been ordered to report for duty for the night.

By 9:30 o'clock a crowd of about 2,000 men had assembled at the Big Four railroad tracks almost blockading Washington street, which is known as the levee from Fountain avenue. Two hundred Negroes were clustered together just west of Fountain avenue, in the levee district, near the place called Honky Tonk.

Negroes Unusually Quiet.

The Negroes were unusually quiet and seemed to be waiting for a start to be made by the white men. The other crowd was boisterous and there were frequent yells and several pistol shots heard, although no one has been reported hurt so far.

Mayor Bowlus, Sheriff Routzahn and the other officials were stationed in the mayor's office, where the mayor is in constant communication with Maj. Kirkpatrick and Gov. Herrick. It was announced by the mayor that the Urbana company was en route here and that the others were coming as quickly as the cars will bring them. Company I, of Piqua, has also been ordered here. This will make six companies of militia that will be mobilized in this city.

No effort will be made to use Company A, Ninth battalion, composed of colored men, because of fear of race prejudice.

Five companies of the Ohio national guard are on their way here on a special train by order of Gov. Herrick in response to the request of the city and county officials.

THE LYNCHING OF DIXON.

Reported the Negroes Were Determined to Avenge His Death.

During the afternoon threats were heard that the levee would be burned. It is said that the Negroes are determined to avenge the lynching of Dixon. In one of the large shops Tuesday the white men treated the Negro employees with contempt and this resulted in heated arguments and threats being exchanged. Fearful of the consequences of the mutterings about the city, a conference was held in the mayor's office Tuesday night by the mayor, the sheriff, President W. R. Burnett and George Cotter, of the board of public safety, the county prosecutor, Maj. F. J. Fitzpatrick, of the Third regiment, and Chief of Police O'Brien.

As a result of their deliberations a telegram was sent to Gov. Herrick asking for six companies of militia and requesting that the local companies be stationed in their armories.

In response to this the mayor received a telegram to the effect that the request would be complied with at once and asking that the governor be kept fully advised on the situation.

The Disposition of the Militia.

It is the plan to place the several military companies on the levee, in the center of the city, and at the homes of several of the officials whose lives have been threatened, one of which is Police Judge J. J. Miller. Maj. Fitzpatrick intends to keep his companies at the armories as long as possible, as there is stored all the ammunition. If it is left without guard the mob would have its own way.

Mayor Bowlus issued an order at 8:25 to Chief of Police O'Brien to close all the saloons of the city. President Burnett, of the board of safety, said that if the levee was fired it might result in danger to the greater part of the city.

At 11:20 the threat of the mob, frequently made through the day and evening, was finally made good and a volume of flame was seen to shoot up from the rear of a place occupied by "Les" Thomas, a saloonkeeper.

THE COLORED SALOON.

Mob Fired at the Front of the Building For Half An Hour.

Preceding the firing of the building the mob, at a distance of a hundred feet, shot at the front of the building for a half hour, but it is not known whether any of the occupants had remained in the building, and if they did whether any fatalities resulted from the shooting. The fire is spreading both ways from Thomas' place. One of the fire engines, in attempting to make its way up the railway tracks to the scene of the fire, got stuck in the muddy driveway and is unable to aid in fighting the fire. It is thought the mob will not tolerate any effort of the department to put out the fire in the levee district, but will offer no resistance in the attempts to confine the fire to the buildings along Washington street, known as the levee. These buildings are dilapidated frame structures, ranging from one to three stories in height. They are for the most part saloons, dwellings and small rooming houses. There are a few branch offices maintained by downtown firms in the vicinity. To the north of the levee, or Washington street, running parallel with it, is East High street, the most beautiful in the city. There is little or no danger, however, of the fire spreading to this thoroughfare.

Sheriff Routzahn Threatened.

It is understood that the Negroes are highly incensed at Sheriff Routzahn for not using greater force in protecting Dixon. Sheriff Routzahn has been warned that the instant the torch was applied in Washington street he had better remove his family from the jail, as that institution was to be immediately dynamited. At midnight the entire block in Washington street from Gallagher street west to Spring street was on fire, with no hope of saving any of the buildings. The troops from Cincinnati, Miamisburg and Dayton will be here on a special train soon. They are badly needed, as it is entirely probable that the Negroes will make good their threats to fire the business districts of the city and dynamite the jail and other county buildings.

Fire Chief George Folkrath is in receipt of urgent requests from East High street residents whose back lots shut out the burning districts to wet the roofs of their houses. While the eastern portion of the levee is doomed, it is thought that the department will be able to confine the conflagration to the region east of Spring street.

THE MOB'S THREAT.

Say They Will Transfer Their Efforts to West Washington Street.

Members of the mob openly declare that when their work in the eastern levee district is completed they will transfer their efforts to that portion west of the Big Four station and the Arcadia hotel. This portion of the West Washington street is also known as the levee and the buildings are similar to those in the eastern portion.

Among the places in the west levee district are a number that are resorts for the colored people and in one of which Dixon shot Collins.

The arrival of the out of town militia alone can save these joints and a train load of troops from several towns between here and Cincinnati are momentarily expected. Apparently the Negroes all over the city are becoming intimidated and their boasts, made in the earlier part of the evening, are no longer heard. Mayor Bowlus is in constant communication with Gov. Herrick, the latter fully realizing the urgent need in which the city stands of instant help.

The Fire Burned Itself Out.

The company of militia from Xenia arrived at 1:30 Wednesday morning and were immediately sent toward the levee by a circuitous route.

The fire in East Washington street has burned out exactly the district the mob said should go, but there is now no danger of its spreading, either further east or west or to the north.

At 2:30 Wednesday morning the fire had burned itself out and both mob and spectators have for the most part dispersed. Quiet prevails throughout the city and the mob is good natured and orderly, evidently well satisfied with its night's work. It is hardly probable that an attempt will be made by the whites to burn the West Washington street resorts out as this section is closely guarded by Dayton and Miamisburg troops. Probably 20 small buildings were destroyed, entailing a loss of not to exceed \$30,000.

So far the Negroes have not tried to make good their threats to dynamite the county jail to "even up" with Sheriff Routzahn for permitting the Negro murderer Dixon to be taken by the mob Monday night without the shedding of blood to save him.

THE KENTUCKY LEGISLATURE.

The House in Favor of the National Pure Seed Bill.

Frankfort, March 9.—Senate—The senate Tuesday by a vote of 19 to 9 passed the Byron bill making an appropriation of \$20,000 to build a monument to Gov. Goebel on the statehouse square in Frankfort. The bill to increase the per capita of the state reform school from \$100 to \$110 passed. The bill appropriating \$12,000 for a deficit in the funds of the reform school passed, as did the bill appropriating \$20,000 for new buildings at the same school. A resolution was adopted directing the state librarian to sell copies of the statutes and code used by the legislative committees this session to the legislators who desire them.

House—Mr. Thompson, of Bourbon, called from the clerk's desk, and the house by unanimous vote passed a resolution urging the Kentucky delegation in congress to vote for the national pure seed bill. Mr. Weathers, of the criminal law committee, reported, by unanimous consent, the senate bill, 188, and it was advanced in the orders. The bill increases the penalty for safe-blowing, bank robbery. The committee on rules called up and passed house bill 245, providing penalties for drawing or flourishing a deadly weapon within a passenger coach. The bill was adopted. The Cochran bill to provide for establishing graded schools in common school districts, bordering on county lines, passed. House bill 202, to prohibit fraudulent certification of land titles, was adopted.

KENTUCKY MINE WORKERS.

The Western District Met in Louisville and Elected Officers.

Louisville, Ky., March 9.—The United Mine Workers of the Western Kentucky district Tuesday elected the following officers:

President, C. W. Wells, Central City; vice president, W. E. Hicks; secretary and treasurer, G. D. Wood.

The convention, which held its first session Tuesday, is expected to remain in session until next Tuesday, when a joint convention with the operators of the same district will begin. The most important matters before the convention are the wage scale for 1904, to be submitted to the operators next week, and the consideration of plans for unionizing the Hopkins fields.

An officer of the organization stated Tuesday that he was practically assured of an increase in the present wage scale to 82½ cents a ton for mining and \$2 to \$2.20 a day for general labor would be demanded of the operators. President Wells' report shows a surplus of \$10,000 in the treasury.

WERE WITNESSES.

Members of Printing Board Before the Investigating Committee.

Frankfort, Ky., March 9.—The committee investigating the public printing had before it Tuesday as witnesses Gov. Beckham, Secretary of State McChesney and Auditor Hager, of the printing board, which allowed the \$28,000 account of a Louisville printing house, which is the item in dispute. They testified that they had no interest in the persons or its contract and that they believed the account was reasonable, but not being experts could not say whether this was true or not.

Gov. Beckham asked to be allowed to make a statement regarding a member of the senate, but the committee ruled that evidence relating to that matter could not properly be heard by this committee.

FLOOD AT OWENSBORO.

Farmers Are Fleeing to the Hills on the Indiana Side.

Owensboro, Ky., March 9.—Tuesday night the water in the Ohio was just rolling along the top of the Indiana banks opposite Owensboro. Indiana farmers are using all celerity possible in fleeing to the hills. Boats, tugs and launches are being pressed into service removing corn and tobacco from the lowlands. The river continues to rise at the rate of an inch an hour at this point. The river men are expecting ten feet more of water.

CONGRESSIONAL MATTERS.

Thirty-Two Claims Bills Were Acted On in the House.

Washington, March 9.—Senate—The senate spent almost the entire day discussing the committee amendments to the army bill concerning provisional troops in the Philippines and the consolidation of the adjutant general's office with the record and pension office. The Porto Rican amendment was objected to by democratic senators as tending to a more pronounced military form of government. Both amendments ultimately were accepted. The bill was amended so as to provide for

an increase in the engineer corps. It was still pending when the senate adjourned.

House—Tuesday in the house was set apart for consideration of claim bills. Thirty-two bills of this character were passed. One, relating to the granting of an American register to the ship Beaumont, gave rise to considerable debate. Mr. Stevens (Minn.) made the point that to admit such ships into registry would be detrimental to the interests of American workmen. He was seconded by Mr. Humphrey (Wash.). The friends of the bill, which was passed, were Messrs. Fordney, William A. Smith, McMorran (Mich.), Thayer (Mass.) and Dunwell (N. Y.). Shortly after the house convened Speaker Cannon, in ruling on the conference report on the legislative, executive and judicial appropriation bill, stood by a former precedent, holding that conferees could not insert new matter.

DEARTH OF WAR NEWS.

Dispatches From the Far East Are Meager.

London, March 9.—The far eastern news published here continues to be most meager. The dispatch of Vice-roy Alexieff adds practically nothing to the accounts of the Vladivostok bombardment contained in the dispatches of Monday.

There is no further mention of the rumor that the Russian Vladivostok squadron has been engaged.

The whereabouts of the Vladivostok squadron is still unknown and would appear to be quite unlikely that a naval battle has occurred.

In Shanghai it is believed that the Japanese will attempt the seizure of New Chung as soon as the ice clears.

A correspondent of the Daily Express at Shanghai asserts that the Russians are throwing up a continuous line of earthworks from Kai Ping to Liao Yang.

It is also reported that news has reached Osaka, Japan, of an engagement between Japanese and Russians at a point 100 miles from Vladivostok in which the Russians fled.

A correspondent of the Daily Telegraph at Tokio says that according to reports from Port Arthur the Russian battleship Retvizan and the cruiser Askold have been refloated.

TRAINS COLLIDE.

Six Persons Killed, Three Fatally and Two Dangerously Injured.

Birmingham, Ala., March 9.—Six persons killed, three fatally hurt two injured and a limited express train and a freight partially destroyed by fire comprise the results of a head-on collision Tuesday on the Alabama Great Southern railway near Kewanee 17 miles north of Meridian, Miss. The trains involved were the southbound limited on the Queen & Crescent system, and a northbound Southern railway freight, both roads using the same tracks between Meridian and York. The express train was almost three hours late and was running at a speed of 60 miles an hour. Immediately after the crash the wreckage took fire, the mail car, combination baggage and express car and the smoker being destroyed, as were also six freight cars. Both engines were totally wrecked.

It is understood the wreck was caused by the freight train overlooking orders to meet the express.

DEFECT IN IOWA LAW.

A Woman Who Sent Poisoned Candy Can Not Be Extradited.

Des Moines, Ia., March 9.—Mrs. Sherman Dye, of Boone, accused of sending poisoned candy to Miss Rena Nelson, of Pierre, S. D., of whom she was jealous, and from which the Pierre woman died, can not be extradited for the crime. Neither can she be tried for murder in Iowa.

This was the text of the decision handed down by Gov. Cummins Tuesday after a consultation with Attorney General Mullan. Gov. Cummins says that the Iowa law will have to be amended in this respect and will send a special message to the legislature recommending such change. "The ruling I am compelled to make on this application exhibits grave defect in the law," says the governor.

Snow Blockade Broken.

Detroit, Mich., March 9.—A special from Harbor Beach, Mich., says the snow blockade was broken Tuesday. The town had been snowbound for 16 days. Since January 16 there had been only eight days of train service.

Secretaries Payne and Wilson Ill.

Washington, March 9.—Postmaster General Payne has been detained at home for several days by a severe attack of gout. Secretary Wilson is confined to his home with the grip.

Disfranchised For Ten Years.

Bloomington, Ill., March 9.—John Bright, George Jackson and William Robinson, of Lincoln, were Tuesday disfranchised for ten years for bribery

MORE TESTIMONY.

Apostle Lyman, Successor to President Smith, on Stand in Smoot Hearing.

MADE SENSATIONAL STATEMENTS.

It Caused Several of the Apostles Present to Shake Their Heads at the Witness.

Four Other Witnesses, Mrs. Kennedy, Her Mother, Mrs. Matthews, Chas. Merrill, Son of Apostle Merrill, Gave Testimony.

Washington, March 9.—The senate committee on privileges and elections Tuesday in the investigation of the protests against Senator Reed Smoot, of Utah, brought out a variety of testimony, of which the most sensational was that given by Francis M. Lyman, president of the 12 apostles of the Mormon church, and the man chosen to be the successor of President Smith. His admissions were similar to those previously made by Mr. Smith, pertaining to the church government. He is more free of speech than the president of the church, and his testimony, though not materially differing, caused several of the postles present to shake their heads at the witness for the purpose of compelling more discretion in answering questions. Mr. Lyman is angularly built, his face is covered with a growth of bushy red whiskers and his speech is blunt. Four witnesses were on the stand Tuesday. They were Mrs. Kennedy, her mother, Mrs. Matthews, Charles Merrill, the son of Apostle Merrill, and Mr. Lyman.

Mr. Lyman was asked: "Did Senator Smoot know you were living with plural wives?"

Mr. Lyman answered that Senator Smoot did not know, as he never had met any one of his wives. He said that the people in general in Utah knew, but that he did not think Mr. Smoot had any knowledge of the fact. He said he was so generally known and his reputation was so wide that what was admitted as a fact in regard to him would be accepted by the people as true.

Chairman Burrows insisted on knowing if the people of Utah knew in regard to his life, why Senator Smoot could not know just as well. The witness responded several times that the people must have known, but that Senator Smoot did not, whereupon Senator Hoar demanded to know what the witness meant by such a result. The witness then said that Senator Smoot probably knew just as much about the question as the people in general.

"Do you take back what you said then that the people knew and Senator Smoot did not know?" asked Senator Hoar.

"I take that back." "Don't you think, Mr. Apostle, that it behooves you to be a little careful about what you say, so that you will not have anything to take back?" asked the senator, severely.

Senator Hoar followed this question by asking the witness if he had received a revelation concerning what he was to testify to on the stand and whether such a revelation could be responsible for his change of mind in regard to the questions asked.

"Are you answers here by order of the Lord? Are they given in your human or inspired capacity?" the senator asked.

"I must answer as the spirit of the Lord directs."

"Then it was the spirit of the Lord which directed you to make the answer you just took back and which you said was a mistake?"

The witness hesitated and Senator Hoar remarked: "Well, if you can't answer that I don't blame you."

Chairman Burrows—"After all of this testimony which Senator Smoot has heard do you think he now knows whether you are practicing polygamy?"

"I don't think he knows."

After much effort a statement was obtained from the witness that he thought Senator Smoot was acquainted with the general reputation and accepted report that Mr. Lyman was living in polygamous cohabitation with his plural wives.

Mrs. Florence Maybrick.

New York, March 9.—Among the passengers on the steamer Kaiser Wilhelm II., which arrived Tuesday, was a woman who was rumored to be Mrs. Florence Maybrick. The woman was met at the dock by her former attorney and several friends.

Scranton, Pa., March 9.—Smith's bazar, one of the city's largest department stores, was completely destroyed by fire Tuesday night. The loss amounts to \$200,000, partially covered by insurance.

That lynching at Springfield, O., Monday night shows that the brutal negro criminal is no safer in the North than in the South.

The report of the State Coal Mine Inspector shows that the coal output in Kentucky was about 720,000 tons more in 1903 than in 1902. Kentucky will rank among the leading coal producing States in the near future. The railways projected and being constructed in Eastern Kentucky will bring about a wonderful development of the coal fields of that section.

FOURTH ASSISTANT POSTMASTER GENERAL BRISTOW by his report criticising some members of Congress and censuring others for unduly influencing the department to grant additional clerk hire for postoffices and in some instances for renting their own property for postoffice purposes will bring down a storm on his head. They will probably have his scalp dangling at their belt at no distant day. Former Congressman Pugh is among the number criticised. He secured an allowance of \$250 for clerk hire at the Augusta office when the business called for only about \$90.

The authorities of Ottawa, O., have adopted an excellent plan for handling the tramp and beggar question. A work house has been established and meal tickets have been distributed among the business men in the town, where they may be secured by Ottawa citizens. For a meal each tramp who asks for food must work two hours. Tramps have been more numerous than usual in Maysville of late, and it would be a good plan for every city to have a house where they could be sent and made to work and pay for what they eat. A city that will adopt some plan of that kind will soon be rid of the tramp problem.

Whiskey and Beer Habit

PERMANENTLY CURED BY
"ORRINE,"

A SAFE, SURE AND HARMLESS SPECIFIC

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes.

"ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. No sanitarium treatment necessary; "ORRINE" can be taken at your own home without publicity. Can be given secretly if desired.

CURE GUARANTEED OR MONEY REFUNDED.

Mrs. E. Wycliff, New York City, writes: "ORRINE" cured my husband, who was a steady drunkard for many years. He now has no desire for stimulants, his health is good and he is fully restored to manhood. He used only five boxes of "ORRINE."

Mrs. W. L. D. Helena, Mont., writes: "I have waited one year before writing you of the permanent cure of my son. He took sanitarium treatment, as well as other advertised cures, but they all failed until we gave him "ORRINE." He is now fully restored to health and has no desire for drink."

Mrs. A. E. L. Atlanta, Ga., writes: "I was born with a love of whiskey and drank it

for thirty-two years. It finally brought me to the gutter, homeless and friendless. I was powerless to resist the craving and would steal and lie to get whiskey. Four boxes of "ORRINE" cured me of all desire and I now have the smile of liquor."

Price \$1 per box. Mailed in plain, sealed wrapper by Orrine Company, 317 14th St., Washington, D. C. Interesting book—Treatise on Drunkenness, (sealed, free on request. Sold and recommended by

HERE AND THERE.

Items of Interest From Nearby Towns and Villages Contributed by the Bulletin's Corps of Correspondents.

ORANGEBURG, March 7th.—William Taylor has returned from a trip abroad. Glad to get home safe and says he'll stay home now and be good. Mrs. Alice Grant, of Bernard, celebrated a sure-enough birthday February 29th last. As she was born on that date and only has a birthday in leap years it has been just eight years since her last as the beginning of the century was not, for reasons best known to astronomers, regarded as a leap year.

Mr. and Mrs. William Applegate and baby were guests of Mrs. Edward Roe Sunday, staying over until Monday morning on account of the rain.

Several crops of tobacco in this neighborhood waiting for a buyer. It would be real stylish for Mr. Stiles to make a trip out this way.

Joseph Bramel has returned from a trip to Paris, and will shortly remove his family to that place and follow his profession as a horse trainer. The colored congregation gave a supper for the benefit of the church at Edmund Alexander's home Saturday evening. Aunt Kitty is an acknowledged expert in getting up such festivals and the affair was a success.

Uncle Dave Bullock in a reminiscent conversation with a young man the other day told him he remembered the time before the pike was made when the mud was so deep before his, (the young man's) house, he had to hold his feet up out of his stirrups to keep from being mired. "You must have been riding a goat," said the doubter. "No, sir," said Uncle Dave, decidedly, "a horse sir, eighteen hands high sir!"

"The Corner Grocery," a drama, will be presented by the "Orangeburg Dramatic Club" at I. O. R. M. hall, this place, Saturday evening, March 12th. The lodge now has a membership of 65, and it is hoped that the patronage of the general public will encourage the "Orangeburg Dramatic Club" to further efforts. The admission is merely nominal. Come and bring your sisters and your cousins and your aunts.

The rural free delivery system has given an opportunity to wayside farm dwellers to christen their places with appropriate titles in accord with the surroundings. The names are placed upon the mail boxes. Thomas J. Hefflin's is "Sunny Side." Mr. Holliday's "Valley View." Mr. Case's, just across the pike, is "Loonst Grove." Alex. Mayhugh's "The Evergreens." Mr. Dixon's "Cedar Flat." R. E. Moody's "Chicken Ranch." Dr. Bayne's "Sulphur Spring." Dr. Hord's "Sulphur Spring." If it is in order for a friend to make a suggestion, it is thought that "The Brambles" would be an appropriate name for Uncle Ab's place.

PLUMVILLE, March 7.—Elder Wiggins of Muse's Mills has been employed to preach at the Christian Church here the ensuing year—the second Sunday of each month. There will be services here next Saturday evening and Sunday morning and evening at the usual hours.

Mr. and Mrs. G. D. Jenkins have been entertaining as their guest the past week their relatives, Misses Motie Moody and Mary Cook of Hillsboro.

MYALL & DICKSON'S SALES.

Large Attendance of Buyers Monday—About Seventy-five Horses on the Market.

Myall & Dickson's monthly horse and mule sales are proving a big drawing card. Their livery stable on West Third and the street on that square presented the liveliest scenes in town Monday.

Buyers were present from Cincinnati, Cynthiaana, Paris, Millersburg, Flemingsburg, Ripley, Aberdeen and other points. About seventy horses and mules were on the market, but most of these were in poor condition as result of the long winter. Seventeen were sold at satisfactory prices.

These sales take place every County Court day.

Mr. R. E. Lee, assistant manager of the Palace Hotel, Cincinnati, and for a number of years clerk, will soon again be seen behind the desk, taking the place of one of the clerks who has been called West.

The revival services began Monday night at Third Street M. E. Church and started out well. The services will continue every night this week except Saturday night. The hour of meetings has been changed for week nights from 7 to 7:30. The song and praise service will take place at 7:15. All are invited to these services.

The remains of the little daughter of Rev. and Mrs. A. E. Zeigler of Wheeling did not reach Maysville until 5 o'clock Monday evening, the train into Cincinnati having been delayed. Amid the gloom of the twilight, the little body was laid to rest in the Maysville Cemetery. On account of the serious illness of Mrs. Zeigler, Mr. Zeigler and son returned to Wheeling on the first train.

DEAR CUSTOMER:

Three years ago we anchored here; since then we have given Maysville a dry goods store different from any that had ever existed here. We were trained for an up-to-date dry goods business. We do not claim that all our methods are original for we get ideas from some of the best dry goods stores in the country. We doubt if there is a store in the world the size of ours that stands in with as many large stores as do we. That's to your as well as our advantage. A big store buys a large lot of underwear at a very close price. says to us that we can have what we want of it at cost price. Another store buys a million pounds of writing paper, says to us you can have ten pounds, one hundred pounds or whatever you want at just what it costs us. That's "standing in," do you get the idea? Saturday the C. and O. freight office telephoned us that one hundred cases, carpets, etc., (about 20,000 pounds) have arrived. We will open them this week. Good things, that's sure. Come every day, for every day will be opening day. Our Mr. A. L. Merz telegraphed that an offer he had made on a large lot of goods had been accepted. Prepare for a big sale—when the goods come you will hear from us. And now before closing we want to say one word about Globe Stamps. Don't for one minute think we give them to you because we are GENEROUS—no, it's a cold business proposition—we give them to make cash trade. Most houses we buy goods from say you can have so much time, but we will give you a per cent. off for cash. That's what we say—stamps for cash. Some stores say they won't give stamps—they would have to mark their goods higher. We are wondering if they did. We don't. Sincerely yours, MERZ BROS. P. S.—Forgot to say that our Muslin Underwear Sale will continue one week.

J. HENRY PECOR.

CHARGED WITH FORGERY.

Wife of a News "Butcher" on the C. and O. Passes Spurious Paper on Dover Bank.

A strange woman, representing herself to be Miss Della Bacon, a granddaughter of J. J. Perrine, of Tuckahoe, President of the State Bank of Dover, presented a check to Cashier Frye, of that institution for \$235, signed by J. J. Perrine. The cashier, believing something wrong, gave the woman a small amount of money and a draft for the balance. As soon as she left he telephoned to Squire Perrine and was told that the check was a forgery.

In the meantime the woman had joined a man, presumably her husband, who had accompanied her to town, and, missing a train, they hurriedly walked out of town towards Augusta. The cashier telegraphed to Augusta Marshal to arrest and search them. In a short time he received word that they had been caught and the money and draft recovered.

The woman was the wife of one Hite, a news butcher on the C. and O. railroad. As the money and draft were recovered the accused was allowed to go.

THE RANGE CATTLE.

Great Suffering Is Being Caused By the Lack of Water.

Belle Fourche, S. D., March 9.—Conditions among range cattle in this region are almost beyond belief. Not since 1886 has there been so much suffering, and if March continues with any severity the percentage of loss will equal that of the memorable winter of 17 years ago. The greatest suffering has been caused by the lack of water. The animals spent hours at a time along the water courses and various pools vainly licking the ice in a frantic endeavor to relieve their parched bodies. Places are frequently found where the ice is drenched with the blood of the animals from their lacerated tongues. Every day is adding its quota to the number of carcasses over the plains.
